1. Chapter 7, Site and Area Specific Policies, Site and Area Specific Policy No. 90 is amended for the lands known municipally in 2020 as 4050 Yonge Street by deleting the text and replacing it with the following text:

"90. Northwest of Wilson Avenue and Yonge Street, and Southeast of York Mills Road and Yonge Street:

- a) For the lands located at the north-west corner of Wilson Avenue and Yonge Street, shown as Parcel 'A', a maximum density of 7.4 times the lot area is permitted and a maximum building height of 265.35 metres above sea level is permitted.
- b) For Parcel 'A', areas within the floodplain may be used for bank stabilization works that alter the existing topography, provided that such works: protect, restore or improve existing natural features and functions; do not result in unacceptable risk to life or property; and minimize the need to mitigate and remediate floods, erosion and damage to the natural ecosystem.
- c) For Parcel 'B', a maximum building height, inclusive of superstructures, pipes and chimneys, of 163 metres above sea level is permitted, provided the building height does not obstruct sight lines across the valley, from top-of-bank to top-of-bank".
